+Area Statement July 11, 2013

Steve B (Policy Chair) got a call from an area in California that has excess of IPs and medallions. Our region has two areas that could possibly use them, Unity Springs and Serenity Springs. He asked that the RCM ask at the next RSC. Troy (PR Chair) stated that they are in the process of rolling out new meeting schedules and they will be passed around. Robert (ASC Chair) asked that everyone turn in their service inventories with the GSR reports. Troy (PR Chair) stated that everyone will have the ability to print schedules directly from our website. Mary (Freedom to Change) stated that if the group can't get enough support than only 2 home group members, the group will stay open for one month and then close unless they receive more active participants. Jack (Coming Home) announced that there have been changes in the group format and flyers were distributed. Billy (Old School) stated that there were errors on the new schedule. Troy (PR Chair) suggested that Billy bring those to John B so that the changes can be made. Carl (Policy Vice Chair) asked if in policy, should the ASC should donate to the region multiple times per year as opposed to forwarding funds once a year as it states in policy. Troy (PR Chair) stated that after a 6 month investigation we have excess funds for half a year but not enough for the other half of the year. The Ad Hoc suggested that the funds only be forwarded once per year. Chris (DACNA Chair) stated that budgets are approved by the groups, then they are sent to the Treasurer to approve and release all budgets. Carl (Policy Vice Chair) asked if we should rely on DACNA funds as opposed to only the 7th tradition collection. Chris (DACNA Chair) stated that DACNA may not always be a money maker in the future. Billy (Old School) asked if we could pay our bills without the funds that are forwarded from DACNA.

New GSRs: Jack M (Coming Home) Drew S (Third Tradition)

Administrative Reports:
Chair report:

We received feedback from six groups about our Area Service Inventory that is not many groups. If your group was not aware of the inventory, the service inventory questionnaire can be found on our website by going to daytonana.org then clicking on for members then clicking on ASC Minutes and scrolling to the bottom of the page and clicking on service inventory. Your group then fills out the inventory and expresses its needs to ASC. We thank everyone who took time to complete the inventory questionnaire. The breakdown of the what the six groups inventory results are:

The groups feel the Trusted Servants of the service body don't have mentoring and training, they don't feel valued and supported.

Trusted Servant positions are not being filled with qualified members by matching talent to task.

Trusted Servant leaders don't have a term of service which includes mentoring a trusted servant for leadership.

The trusted servant positions within the service bodyare not being filled within 60 days by a qualified

member.
The service body is not timely in its response to the needs of the larger community.
The service body needs more human and financial resources to carry NA's message of recovery in an efficient and effective way.
The trusted servants who interact with members of the community are not regularly trained.
The service body needs improvement in establishing helpful, mutual relationships with those in the larger community.
The service body does not focus on unity and does not effectively carry the message of recovery through its services.
The service body does not use consensus based decision making.
The trusted servants of the service body don't have regular interactions with professionals in the community who interact with addicts.
All of the services we provide could use improvement, that's why we should take a formal Area Service Inventory once in a while to see where and how we can improve our service that we provide.
The services that we provide that need the most improvement are our Public Relations Service.
One group thinks it needs literature other than meeting schedules. Another group thinks it should be combined with H&I and PR is no longer needed. Another group thinks the Policy Committee should be dissolved. Another groups thinks our trusted servants should have training and mentorship before they fill a trusted servant position.
H&I, Helpline, and Activities You are doing **OUTSTANDING WORK!**
Thank You for Your input.

Thank you for allowing me to be of service,
Robert B.

Vice Chair Report:

RCM 2 Report: DAYTONA AREA SERVICE COMMITTEE OF NA
RCM-2: REPORT- July 14, 2013

I would like to thank the Area for your vote to serve as your RCM-2. I have severed this Area as RCM twice before. It is a position I enjoy to serve in. As always I will do my best to fulfill my commitment. There has been some talk that in the past I did not do a good job in fulfilling this commitment. Which I believe is a matter of opinion. As in all my service endeavors I have always fulfilled my commitments to the best of my ability.

I would like to inform the Area that The RSC only meets every other month. So you will you will only be getting a detailed report from me every other month. That is unless there is some information that needs to be reported to this body in-between RSC meeting.

I will be attending The RSC meeting next weekend in The Treasure Coast Area. **The RSC will be held at The Hilton Garden Inn 8540 Commerce Drive Port Saint Lucie, FL.** All Subcommittee Chairs and any member of NA are welcome to attend. The RCS would like to see more participation from Area Subcommittee Chairs to attend The Area Support Meeting that meets on Saturday morning during the RSC weekend.

Thank you again for your Vote.

In Service,

George De.

Fellowship Development:

FELLOWSHIP DEVELOPMENT REPORT FOR JULY 2013

Fellowship Development is in the process of securing a meeting place, day and time. As of now we have gotten approval from Prince of Peace Church in Ormond Beach. The day is tentatively set for the first Monday of the month at either 6:30 or 7:00 PM. I have sent out an email to those members who attended the last meeting hoping for feedback but have only heard back from 2 members so far.

The tentative plan is to first develop a guideline/policy, 2nd is to develop a budget, 3rd is to gather resources to develop training manuals/power points. As we finish with these items, we will bring them to ASC to go back to groups for approval. More will be revealed.

When the day and time for our meeting is confirmed, I will send out a message on the ASC Google Group and will put the dates and times on the events calendar with a flyer and ask everyone to announce the day and time at the meetings you attend. All members are invited to be a part of this process.

Public Relations Report:
PUBLIC RELATIONS JULY AREA
PR met on June 16th 2013 with 14 addicts present. Over the past month we received 100 helpline calls and 24 were apparently missed but John G, the helpline coordinator returned all missed calls. He is investigating why the calls were missed and has already found that Ring Central has change their plans to only 4 numbers to dial and John has gotten them to put all 10 lines back on for us now and he is also notified of every call we miss. Some of our members report that they answer the phone and no one seems to be on the other end so we are not sure if some missed calls were hang-ups, telemarketing or just missed yet, but more will be revealed. Nicole B has become our new PR Secretary, Chris E has become our new PR Literature Coordinator, We currently have alt sec & Comm Relations Positions available and temporarily schedule coordinator but intend on eliminating that position with the new online schedule process. We are changing our process for schedules and will begin printing from our website starting next month. I have printed and passed around a few for review. We understand its change but also believe this will eliminate 2 chances for human error, that it will be more cost effective and will also allow printing by anyone at anytime, including facilities. I received a yellow page bill from the area secretary last month for advertising that this area voted to remove for 2013. Upon researching I was informed that we made the call to cancel mid-year in 2012 and was told that they would not renew without phone approval. I contacted YP formerly ATT Ad Solutions and they reported 4 attempts were made to contact us without success and had the helpline listed as the contact number but that only a certified letter could have canceled the contract. They didn't report that to whoever called to cancel last year so I asked to speak with a mgr but was denied and then hung up on. I called back 2 more times and was immediately hung up on. I have spoken to Paul our previous Area Treasurer

who dealt with them last year and also the current Area Chair who has made contact with them also. It appears we are stuck in this contract for this year and I believe the chair has already sent a certified letter this month to cancel for next year. The idea of just not paying has come up but we have realized that there is an addicts name attached to the account from when we originally started advertising with ATT and unfortunately if we don't pay that addicts credit will be affected and he would ultimately have to pay the bill. I believe it to be around $1400. We also discussed the possibility of creating posters to put up at all different types of offices and facilities with our web address and helpline number to eliminate some repetitive need to visit facilities and other offices to fill literature racks that we cannot keep track of or up with. I will not be at area next month due to a family planned vacation so I plan to have the PR vice chair attend. PR meets next Sunday 7-21-13 and will be reviewing the PR BASICS booklet for anyone interested in learning about PR.
